## SKILLS

## EXPERIENCE

### ● Freelance Graphic Design & Illustrator

2020 - Present

Worked with a range of clients to create digital assets, logo designs and social media content tailored to each brand's identity. Designed marketing visuals for online use, ensuring consistency across platforms.

### ● Midweight Graphic Designer

May - Aug 2025

*Jisp*

Created digital and print marketing materials including POS, banners, vouchers, email campaigns, infographics and social media assets. Produced motion gifs/videos for email and social content, and worked with data for accurate voucher production. Took part in weekly meetings with stakeholders to develop campaigns and shape sub-brand concepts.

### ● Graphic Designer

Nov 2023 - Apr 2025

*GAME Retail Ltd.*

Led and designed digital and print campaigns from concept to final delivery. Worked with the eCommerce team to merchandise website assets and support online promotions. Thrived in fast-paced environments during major launches under tight deadlines. Presented ideas clearly to stakeholders and produced large-format print from concept to production. Supported retail stores and warehouse teams during peak holiday periods.

I am a Graphic Designer and Illustrator with over three years of professional experience across digital, print and marketing design, leading projects from concept through to final artwork. I specialise in typography, digital illustration, infographics, branding, motion and related design disciplines. I am highly organised and confident in fast-paced environments, managing multiple projects efficiently and consistently deliver industry standard work to deadline.
